WOW WORK

Nursery and Reception

In Early Years the children have taken an interest in washing the school windows, using the large sweeping brushes to reach the top of the very windows! I was super impressed with their idea to use the 'long brushes' supporting their large movements and coordination skills.

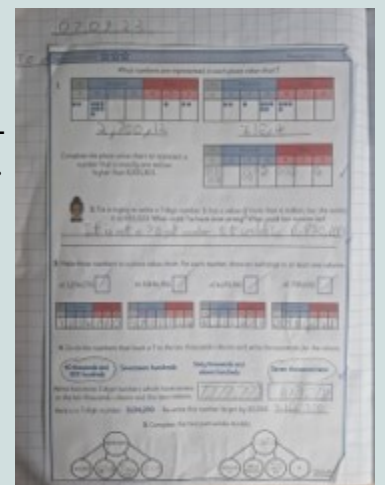

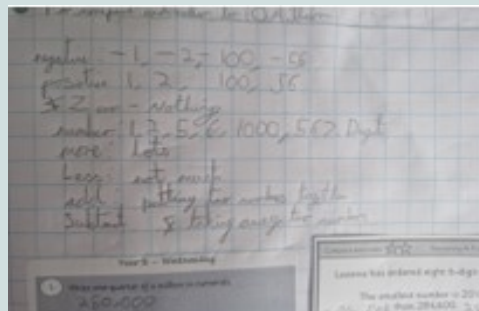

KS1

This week we have settled in nicely and are getting use to our new routines. We have enjoyed our first music session with Mr Dias-Leo, and we were proud to have our school photographs taken! We are all enjoying getting stuck into our learning too.

KS2

This week we have been exploring the value of digits in a number in KS2. We experimented with dienes, counters, place value charts and partitioning numbers to enhance and deepen our learning. We explored mathematical vocabulary to ensure we can articulate our learning. Take a look at what we have been up to.

INFORMATION

Early Years Updates and Expectations

Now that the children have settled back into their school routine, please can we ask that on morning drop off parents/adults say their 'goodbyes' to the children within the Early Years outdoor area and support their children to independently come into the classroom, bringing in their own bags and finding their own pegs. If any messages need to be passed onto the class teacher please speak to the member of staff on the main school door or write a note in their planners. Miss Birdsall will be in the classroom supporting the children, making the most of every learning opportunity. Thank you!

Reception Baseline Assessment

Next week, the children in Reception will be completing the government's Reception Baseline Assessment.

The baseline is a short, interactive and practical assessment of your child's early literacy,

communication, language and mathematical skills to help inform our teaching. This is not something they need to prepare for in anyway and most children won't even realise they are even doing it!

If you would like further information about this, please speak to your child's teacher.
