

Message From Head Of School

Good morning everyone,

We have had another fantastic week here at Terrington School!

Our EYFS children have loved exploring technology using computers to develop their artwork skills on Sketch pad. They choose to join in with our KS1 pupils who were developing their mouse skills and inserting clip art into their work. KS1 trialled using colours to enhance their backgrounds of their work too. Great work EYFS and KS1!

KS2 enjoyed their PE session with Mr Ellwood developing their balancing, coordination and precision as part of their gymnastics learning. Pupils built upon their prior knowledge and were able to share their learning with their class. Amazing work KS2!

Young voices

We have our upcoming young voices trip on February 12th. Parent tickets can be bought by accessing the following link, should you still require them: <https://www.youngvoices.co.uk/2025-tour-concert-tickets>

If you require a pack up for the Young Voices please can this be ordered by **Friday 31st January**

The sandwich options will be HAM, CHEESE OR TUNA.

I hope everyone has a lovely weekend and we look forward to seeing all the fantastic learning that takes place next week!

Kind regards,
Miss India Tordoff
Head of School

SWIMMING DATES KS1 and KS2

Just a reminder that there **will not** be a swimming session next week. Our next swimming sessions will be 28th January and the last of this half term will be 11th February.

Stay and Play

We have really enjoyed welcoming some new children to our stay and play session this week. Due to staff training on Monday 10th February, our stay and play session will not be on, but we look forward to seeing you after the half term on Monday 24th.

WOW WORK

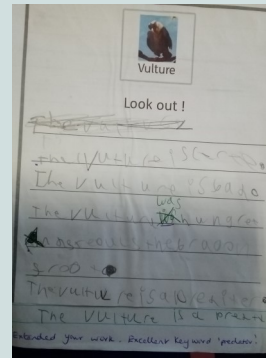

Miss Skilling EYFS AND NURSERY

This week in EYFS we have had lots of fun outside making recipes in the mud kitchen and investigating in the water tray! We have also been learning about woodland animals as part of our topic looking at their habitats and which animals live in them.

Mrs Rutherford KS1

We have been working hard, writing character descriptions about a Vulture from the film 'Catch it'. The children are developing their written skills and are becoming expert editors.

Mr Marshall KS2

This week in Class 3 we have started exploring our topic of Light in science and have designed our own Light Maze which we will try to create next week.

In French we are learning how to describe colourful animals and learning that nouns in French are either masculine or feminine. We even used our knowledge of cognates to recognise some animals in Dutch!

Well done everyone!

Squid Game

It has come to our attention that some children in some of our schools have been watching Squid Game, either the series or short clips on TikTok, and as a result of this some children are coming into school and sharing this with other children. Please be aware that not all children can differentiate from what is real and what is made for entertainment and with some young children this can be particularly difficult to process. Although this is not in all of our schools, some children do have TikTok and it is always good to share this very useful website called commonsense media which will give parents age appropriate suggestions for this and other programmes/films/games, as well as a guide to what parents need to know. See below what parents need to know for Squid Game. Commonsense media rate this programme as a 16+ due to the violence and sexual behaviour in this series. <https://www.common sense media.org/tv-reviews/squid-game>

INFORMATION

Milton Rooms

Kevin is delighted to invite you to his second Apprenticeships Fair at the **Milton Rooms, Malton** on **Thursday 13th February** between **5pm and 7pm**.

Winter infections in children – guidance for parents/guardians

This leaflet gives advice on illnesses that are currently affecting nursery and school children across Yorkshire and The Humber

What are the symptoms?

There are two groups of symptoms:

- Diarrhoea and vomiting – usually lasting 1-2 days
- Fever, tiredness, runny nose, cough and sore throat – lasting 3-4 days

What should I do if my child is unwell?

- If your child has diarrhoea and/or vomiting symptoms, they should not attend nursery/school until they have been symptom free for 48 hours
- If your child has a high temperature and is unwell, it is very important they stay at home and don't attend school until they have recovered. Children with mild symptoms like runny nose, sore throat, or mild cough, who are otherwise well, can continue to attend school.
- Ensure they drink plenty of fluids – taking sips rather than gulps, to avoid vomiting
- If they have a fever – give child paracetamol and/or ibuprofen, according to manufacturer's instructions. Your local pharmacist can also advise you about the best treatment for your child
- If your child is unusually sleepy, can't take fluids or has other symptoms, such as an unusual rash, headache or neck stiffness – **seek medical advice immediately**

For further information, visit [NHS.uk](https://www.nhs.uk) and search for 'respiratory infections' and 'diarrhoea and vomiting'

Infection control advice

Handwashing is one of the most important ways to prevent the spread of both of these infections. This applies to the child who is ill and the person caring for them. Hands should be washed using soap and rinsed under running water:

- Before and after caring for the child
- After using the toilet
- Before eating, preparing or handling food
- After cleaning up spills (vomit, diarrhoea or urine)
- Also – keep a separate towel for each family member who has symptoms, and change them regularly
- Dry hands thoroughly

Other control measures:

- Cover nose and mouth when coughing or sneezing, using a tissue if possible – dispose of used tissues immediately and wash hands
- Wash soiled clothing, bed linen and towels at 60°C, using detergent – if possible, wear disposable gloves to handle contaminated items
- Surfaces and touch points (taps, toilet flush handle, door handles) should be cleaned then disinfected with bleach-based cleaner
- Check that your child is up to date with their [NHS vaccinations schedule](https://www.nhs.uk/vaccinations)

DIARY DATES
